PROFESSIONAL SUMMARY:

As a versatile software developer, I blend robust **back-end** expertise with innovative **front-end** solutions to craft seamless digital experiences. Proficient in **data structures** and **algorithms**, I excel in architecting **enterprise applications** that exceed business needs.

AREA OF EXPERTISE:

- Core Java
- HTML / CSS
- Spring Framework
- SQL
- C++
- JavaScript
- Spring Boot
- Data Structures
- React.js
- MERN Stack

EDUCATION:

PG-DAC (Post Graduation Diploma in Advance Computing) 09/2023 - 02/2024
CDAC Acts, Pune, India

B.Tech(Automobile Engineering) 2019 - 2023
Rustamji Institute of Technology, B.S.F. Academy, Gwalior, India

12th Class(PCM) 2018 - 2019
Kiddy's Corner Higher Secondary School, India

PERSONAL PROJECTS:

E-wallet 12/2023 - 02/2023

- The project focuses on making it **super easy to send and receive money** with just a click.
- We've included important features like managing accounts, transactions, customers, bill payments, beneficiaries, and wallets to make handling money smooth and easy.
- Utilizing **Spring Boot**, we've developed a **RESTful API**, complemented by **React.js** for the front end.
- Tech Stack:- **React.js, Spring boot, Spring Framework, Spring Data JPA, and MySQL**

Customer-Management-System 11/2023 - 12/2023

- Developed a robust Customer Management System using **Core Java**.
- Implemented comprehensive **exception-handling** mechanisms to ensure the system's stability and resilience
- Integrated **CRUD (Create, Read, Update, Delete) operations** within the system, accompanied by rigorous **validation checks** to maintain data integrity and accuracy.
- Tech Stack:- **Core Java**

Automobile-service Website 02/2023 - 05/2023

- The website aims to streamline the process of scheduling, managing, and delivering automotive services, enhancing convenience and efficiency between service providers and customers.
- Developed the frontend infrastructure using **React.js**
- Augmented project capabilities through the creation of backend services using **Node.js** and **Express.js**.
- Tech Stack:-**Reactjs, Nodejs, Expressjs, MongoDB**.

PROFESSIONAL EXPERIENCE:

Web Developer Intern 01/2023 - 05/2023

Praedico Global Research.Pvt.Ltd

- I am working on designing the **frontend** and **backend** of website layouts.
- To persist data in a database using **MongoDB**.
- Using **MERN stack** for building projects.

ACCOMPLISHMENTS:

- Awarded 1st Prize in Public Speaking Competition at National Science Week 2023. **(15th March 2023)**
- Awarded 2nd Prize in Poster Making Competition at Women's Day 2022. **(8th March 2022)**
- I have worked as a mentor in the "Desh Ke Mentor Program" organized by the Delhi government**(12/2021 - 03/2022)**

HOBBIES:

- Chess
- Sudoku
- Football
